NEGRO CONFESSES THEFT OF LARD AND BEEF HIDES

Louis Johnson, colored, was arrested yesterday by Patrolman Fred Link on a charge of having burglarized the store of Baldwin Bros., on Main street, several days ago, and taking possession of two fifty-pound cans of lard and three beef hides. Johnson was taken into custody on Main street shortly after he had made an attempt to dispose of one of the hides to an Eighth street dealer. Johnson confessed the theft.

Saturday morning Ernest Brooks, a colored boy, was arrested by Patrolman Link on suspicion of having been implicated in the burglary, and he was lodged in jail. The meat of Johnson did not implicate Brooks and he was released.

When the burglary was reported to the police Patrolman Link went to the home of Johnson, on Lincoln avenue, where he found one of the cans of lard and one of the beef hides, which was identified by Baldwin Bros. as one of the number stolen from their place.

A number of robberies have occurred in the past few days upon which the police are working. Thursday night the general store of Mr. C. N. Martin, near Stony Point, was entered by thieves and goods to the value of several hundred dollars taken. They also secured about \$4 in cash which had been left in the drawer for change. The robbery was discovered Friday morning when Mr. Martin opened the store, and he immediately reported the matter to the police, who are attempting to locate some of the goods stolen.

The slaughter house of Mr. P. M. Heller, on the Peacock pike, was broken into Thursday night and beef hides to the value of about \$35 were

PORTION OF MAIN STREET IS BEING MACADAMIZED.

A portion of Main street from Bank Row to the Cottontown Bridge is being macadamized. The city hands have been engaged for the past ten days tearing up the old street and putting down the new macadam. Owing to the grade of the street at this point it would be impossible for any other material to prevent horses from slipping, especially in winter time. Oil has been rolled into the surface screenings which is said to preserve the street.

KENTUCKY WOMAN

Given Unclaimed Money By New York Court.

Mrs. Sarah E. Reynolds, an aged woman, of Bowling Green, Ky., who was too poor to come to New York to claim \$5,065 which the City Chamberlain of New York, has held unclaimed for twelve years, has proven her claim to the money in the Supreme Court by means of a letter written in 1873.

The money came from the foreclosure sale of property at No. 243 West Thirty-sixth street, which belonged to the late Mrs. Mary Beatrice Dunbar, her grandmother. Mrs. Rachel Smithson was a sister of Mary Beatrice Dunbar and the only living heir. Mrs. Reynolds produced a letter written by Mrs. Dunbar to her brother, Dr. R. J. Smithson, which proved the relationship.

PRECIPITATION THAT RELIEVED DROUGHT TURNED INTO SNOW.

Clouds which have fallen almost continuously for the past forty-eight hours, have had the effect of relieving the drought which has prevailed in this section for the past two months and at the same time plunged into real winter weather.

The precipitation which began Saturday has started every stream and spring in the county running and according to measurements the stage of Stoner creek is about seven inches higher and raising. The fear of a continuation of the water famine to which this city has been face to face for several weeks is now relieved, and it is the opinion that with a continued rain for the next two or three days the stream will reach a point that will enable the Paris Water Company to resume its former service.

The rain yesterday morning, which for several hours fell in torrents, through a sudden decline in the temperature changed to snow and miniature blizzard raged for a short time. The ground was in no condition to receive the snow and the "beautiful" melted as rapidly as it fell.

Reports from various sections of Kentucky and throughout the South are to the effect that the country is in the grip of real winter and in many places heavy snow falls are recorded. A heavy snow was reported from Richmond yesterday, and the report said that in many places the ground was covered. The heaviest fall is reported from Franklin, Ky., where four inches were reported. Campbellsville, Hopkinsville, and Glasgow also report light snow fall.

CORRECTION REQUESTED BY MR. FRANK REMINGTON.

An item appeared in the News last Friday in regard to Col. R. S. Porter starting a daily newspaper, and Mr. Frank Remington desires a correction made of the statement that the paper will be issued from his job printing plant. The fact that Mr. Porter is employed at the office of Mr. Remington would naturally have caused us to assume that the paper would be issued from that place even had we not been informed otherwise. Mr. Remington declares he has no intention of entering the publishing or newspaper field, and asks that a correction of entering the publishing or newspaper field of our statement be made in absolutely good faith and had no intention whatever of misleading the public.
